A bit about you:

Name: Ross Fowler

Current home town: Aberbargoed

Birthplace: Caerphilly

How long have you supported your team? 16 years

Overview of your club:

Favourite thing about your home ground: It's still got that "new" feeling, but we all miss Ninian.

Favourite match played by your team & why: Middlesbrough away (FA Cup Quarter Final) 2-0 victory at the Riverside sent us to Wembley, never forget that feeling bouncing around the away end when the full time whistle was blown, great day...

Favourite player of all time who played for your club: Peter Thorne, great target man, who always gave everything.

About our forthcoming match against you: Your favourite current player in your squad and why? Chris Burke, quick and exciting winger who can terrorise a defence, also scores a few goals.

Player in your squad we should most fear and why? Jay Bothroyd, powerful forward with a great left foot. Quite quick for a big guy and a key player to the way Cardiff play.

Player in our squad you most fear and why? I would have said Matty Fryatt but as he is injured I will have to say Paul Gallagher. On form at the moment and a good player on his day.

Up and coming prospect in your squad? Adam Matthews, probably be sold for a few million in the near future to clear some of our debt.

Where do you think you'll finish this season? 6th

How do you think you'll do against us? 1-1

Any other comments? Tough one to call. Either side could nick it on the day. Just hope it is us Bloooooobirds!!!
